

Workzoom facts and customer evidence

Workzoom connects HR, Workforce, Payroll and Talent on one employee record. Canadian-owned and operated, the platform serves organizations with 50 to 5,000 employees.

Company	Workzoom is operated by Nortek Solutions Inc., founded in 2000 in Toronto, Canada.
Buyer fit	Employers bringing employee records, schedules, time, payroll and talent processes into a connected platform.
Canadian data residency	Canadian hosting on AWS in Montreal is available. Confirm hosting requirements and deployment scope during evaluation.
Delivery and support	Implementation, data migration, training and ongoing support are included in the published subscription.

Four connected suites

HR	Employee records, organization structure, recruiting and onboarding.
Workforce	Scheduling, clocking, timekeeping and time off.
Payroll	Pay processing, benefits and expenses. Canadian payroll prepares T4 and ROE files for the employer to validate and submit.
Talent	Performance, learning, career planning and succession.

Canadian pricing is published at \$4 CAD per employee, per suite, per month. HR is the required foundation; monthly minimums apply. Confirm currency, suite mix and any separately scoped custom work using the current pricing page.

Published customer evidence

Individual customer outcomes, with links to the published stories.

County of Renfrew

Municipal government | Ontario, Canada

32 new hires

Onboarded in three months without increasing HR headcount, using a hybrid onboarding process.
